

York Street Closure in Gettysburg

A serious traffic accident occurred at approximately 2:46 AM on Friday, September 02, 2016. The single vehicle accident crashed into Li's Buffet on York Street, causing entrapment and a partial building collapse. The integrity of the building is uncertain until structural engineers have the opportunity to inspect the building. In consultation with the Fire Chief and the Borough Public Works Director, the Borough is undertaking the following actions:

1. ordered the building vacated until such time that structural engineers determine the integrity of the building
2. All utilities to the building have been shut off
3. Due to fear of further collapse onto York Street, **York Street will be closed until further notice in both the east bound and west bound directions between 4th Street and Stratton Street**
 - a. **All truck traffic must divert at 4th Street and at Lincoln Square**

Fortunately, other than the person(s) in the vehicle, there were no other injuries associated with this accident. Residents have been displaced from their personal dwellings.
